CERTIFICATE OF COMPLIANCE

Product: DURLON[®] 7900
DURLON[®] 8400
DURLON[®] 8500

We certify that DURLON[®] 7900, 8400, and 8500 gasket materials are suitable for use in the food, beverage, and pharmaceutical industries under the pressure and temperature limitations published in the DURLON[®] Technical Handbook. Furthermore, we certify that these products were manufactured within the scope of our Quality System which is registered to ISO 9001:2000.

We certify that all Durlon gasket material is manufactured with no antimony, cyanide, arsenic, barium cadmium, chromium, lead, mercury, nickel, selenium, silver, copper, molybdenum, tin, or zinc and are not used as an ingredient filler or additive. To the best of our knowledge, the product did not come into contact with any of these materials while in our possession, and should be free from contamination.
